Addendum to IFB 09-RJFAS

July 21, 2009

To all prospective bidders:

Please note the two items that represent some change to the “Turnkey” Fire Alarm System requirement.

(1) Exception allowable (please list in exception area of bid document) for Asbestos if present in Ceilings or Walls affected by the necessary work for installation of the specified Fire Alarm System.

(2) Exception allowable for Electrical Service Change or Substantial Upgrade to Electrical System if required for compliance or operational needs (please list in exception area of bid document).
