Bid items listed on previous pages reflect a representative sample, estimated in use at the agency, for analysis purposes.

Pricing is the major factor in this award but will not be the sole determining factor in the selection of a Contractor for this bid. The requested documentation and responses to our requests for information will determine whether or not your Bid is complete, responsive, and accepted for review. Only complete bids submitted with all requested information and documentation shall be considered.

HSGD qualifies for TXSmartbuy, Sourcewell, Buyboard, TX DIR (Department of Information Resources) and other governmental cooperative schedule pricing. If your company is on any government or cooperative schedule, please indicate if the above pricing/discounts meet or exceed the schedule pricing and provide the contract number and Agency.

HSGD's major funding source is federal dollars, which must be matched with 25% of non-federal matching funds. We encourage (not require) all of contractors to help the Agency, as a non-profit community service organization, to meet its obligation through donations of services or in-kind contributions of products. If the Bidder intends to help meet the Agency's match through in-kind services or product then please indicate the amount and percentage of the in-kind with the pricing information. If a discount on catalog products is to be offered in lieu "in-kind" product, then indicate in your bid whether or not this discount is unique to the Agency, due to it's being a non-profit organization, or is your standard practice (*which cannot be counted towards matching funds*). This is not a determining factor in the selection of a Contractor.

All pricing information should be in a separate envelope for review purposes.

EVALUATION, BID ANALYSIS CRITERIA & SELECTION

All bids received shall be evaluated on "Best Value", which means lowest overall cost to the agency for this service, while considering the following factors/order of ranking:

CRITERIA	WEIGHT FACTOR
a. Unit Price	5
b. Quality	4
c. Delivery/Service	3
d. Solicitation meeting Specifications	2
e. Small Business/Minority/Woman Owned	1

Method used in the collection of data

1. Unit price scoring is determined by taking the lowest bid from a **responsive** bidder and dividing all other bids into the low bid and multiplying by 10 to get the raw score. The raw score is used to (in the case of more than 5 bidders) to qualify bidders as finalist. The finalists are then subjected to Review and analysis using the other Criteria.
2. Quality/Service/Delivery scoring is determined by but not inclusive of site visits by the Review Committee, conducting testing and/or trials of the product, reviewing product information, past experience, observation, and/or extensive references checks.
3. The specifications raw score is achieved by the Review Committee and/or Purchasing Agent comparing bids with specifications, comparing bids with each other, and/or comparing the bids with industry standards.
4. The raw score for Small Business/Minority/Woman Owned is derived from actual documentation from a recognized governmental agency as to their status. A small business firm, if it meets the definition of "small business" as established by the Small Business Administration (13 CFR 121.3-8). by having average annual receipts for the last three fiscal years of less than four million dollars.
5. All raw scores are entered into a factor analysis spreadsheet, which automatically multiplies them by the weight factor and adds the total final score for each bidder.
6. The Review Committee normally (but has the right for good cause not to) recommends the bidder with the highest score to be awarded the contract.
